

Playpark, Church Road, Little Dunkeld

Community Greenspace have just launched a number of initial consultation surveys for the following play areas which are due to be refurbished over the coming months:

- **Church Road, Birnam**
- Innerleithen Way, Perth
- Lathro Park, Kinross
- Whiteloch Avenue, Carsie

The following sites also are being taken forward in partnership with community groups in those areas.

- Moray Street, Blackford
- Recreation Ground, Grandtully

The surveys are available here: www.pkc.gov.uk/playareaimprovements

In relation to Birnam we're hoping to coordinate our efforts with the Parent Partnership Group and the Playzone Group at the Royal School as they have their own plans for the school grounds just across the road.

The closing date for this initial consultation will be the 22nd February 2016. After the results are collated, the Landscape Architects will draw up some initial designs which will then go out for further consultation. There will also be posters displayed soon around the parks and in the local areas making people aware that we are looking for their ideas and input.
