Due to the the limited time the Community Council would be able to devote to normal business, the Police were informed that it wasn't necessary to attend in person.

The Chairman of the Community Council, David Levy opened the meeting advising the public of the role of the community council and its scope and that its members are all volunteers. The Chairman then introduced the three representatives from Jacobs/Transport Scotland who proceeded to present 3 options for the A9 Dualling of Pass of Birnam to Tay Crossing section. Questions were invited from the floor during the course of the presentation.

The meeting closed at 21:45.

### **Action:**

1. It was agreed that Jacobs would provide meeting minutes to the CC and that **AW will place the minutes onto the Bridge website when received.**
2. **DL invited members of the public to send their questions/views to the Community Council. The CC will consider the possibility of arranging a subsequent meeting (prior to June 2016) and before a preferred option being chosen.**

Due to the lateness of the hour just a couple of administrative matters were covered.
